Hi Brandy,

I'm out of the office tomorrow and Friday but could make some time next week. I'm available Monday morning, Wednesday afternoon, Thursday afternoon or anytime Friday. I invite you both to visit City Hall if you'd like.

Hello, I got your email yesterday. Yes Jyl and I are working together. Is Friday a good day for you to sit down and talk with us?

Hi Jyl,

My apologies for the delay. I'm making the assumption that both you and Brandy Suckley are working together on the same Vicious Animal / Pit Bull topic? I don't feel that I fully comprehend your objective, but I would be willing to sit down with both of you to better understand what you'd like to achieve and figure out how the City can help.

Hi!

Haven't heard back from you regarding the procedural methods for getting the BSL repeal put on the ballot for November. Due to the limited time we have available, I'd really appreciate some guidance as soon as possible. If this isn't your department, can you tell me who I would need to speak with?

Thanks for your time

At this point, it appears futile to go before the counsel. We have spoken to the Secretary of State in Bismarck and would like to get this put on the ballot for the November election and let the citizens of Williston decide. We were informed the deadline is August 31st for city ballots. What are the procedural steps we need to do to make this happen? Is there a certain format for a petition? How many signatures are required? Do we have to file something prior to collecting signatures?

Thank you so much for your time

Hi Jyl,

Is this in reference to the vicious dog ordinance? I have been in conversation with Brandy Suckley who has asked the same question. I will consult our attorney and get back to you.

Hi!

I was told to reach out to you to get some information. What is the legal procedure for petitions regarding getting signatures to bring forth to the City Commission? Is there a legal format required? Does it need to be notarized? Is there a time limit for signature collection? Your help would be appreciated.

Thank you so much for your time,

Jyl Albertson
